7	Brief Report	A Seminar on Sustainable Tourism Practices among Local Communities: A case Study on "Project Jalori" was held on November 7, 2024, in which guest speaker Ms. Tamanna Sharma founder and director Earthling First (India) talked about self-sustaining model of waste management and conservation. She inspired the students for system thinking which includes responsibility, engagement and use of existing system to benefit the environment and society. She also explained the students about "project Jalori". In the program, students from Department of Tour and Travel, NCC, BVoc. (Hospitality & Tourism) and faculty members participated. Lastly, Principal, Dr. Shefali congratulate everyone for successfully organizing the event.
