Average rating (3.50)

Are you satisfied with the remuneration you receive as a teacher?

 Copy

16 responses

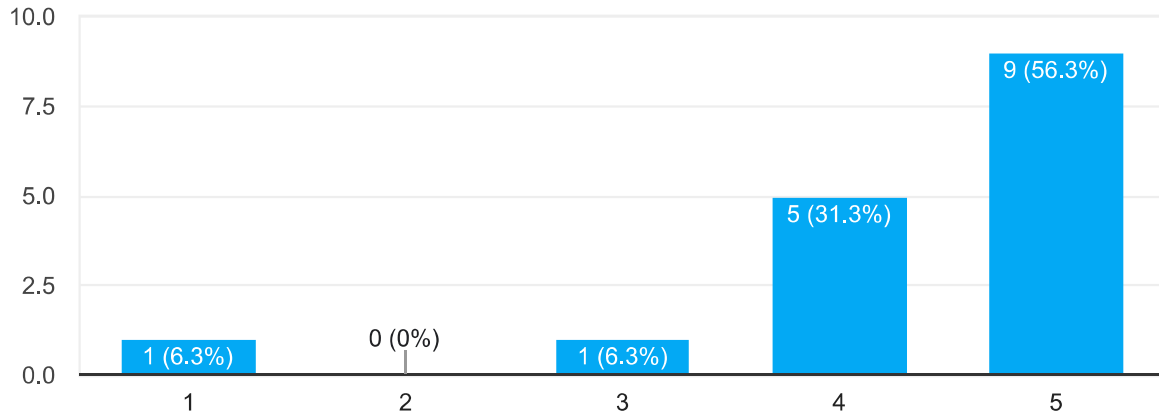

How pleased are you with the number of holidays you receive in a year?

 Copy

16 responses

Average rating (4.31)

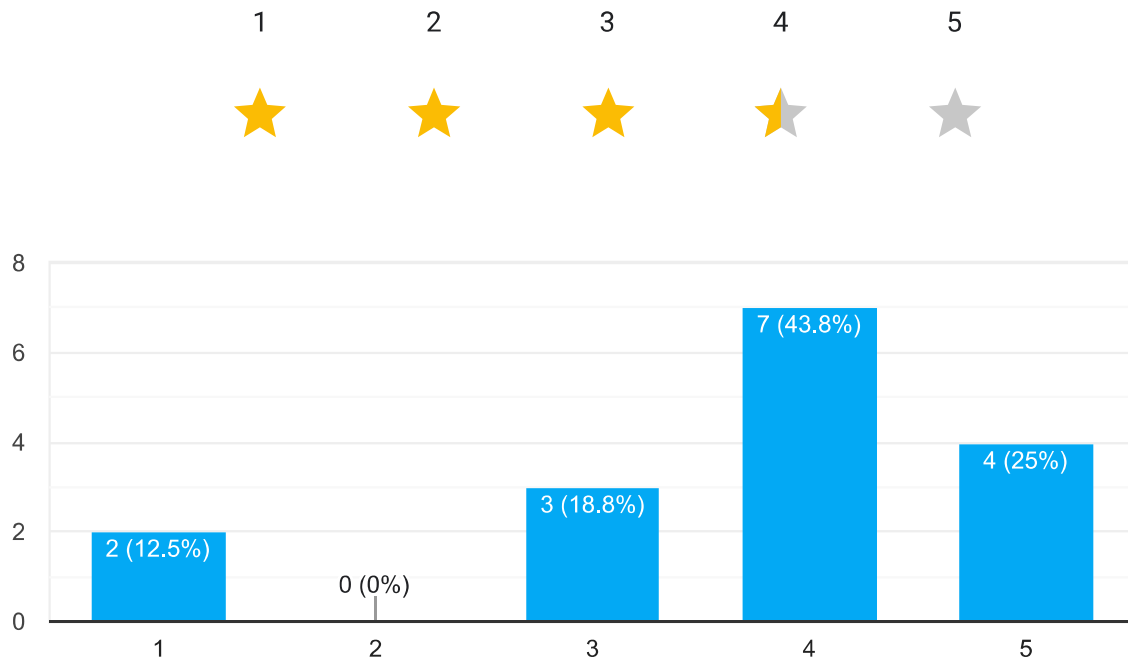

Considering your experience, how likely are you to recommend the institute to a friend or a colleague?

16 responses

Average rating (3.69)

Would you be willing to share any ideas on how we can foster a more inclusive and supportive learning environment within the college?

12 responses

No

Need adequate teachers for each department and especially for master s classes.

Student teacher ratio

post of tabla vadh should be fill. And syllabus should be practical oriented

Man power is something that really needs to be catered to, except for 2-3 departments, every teacher is over burdened.

Better Teacher- Students (PTR) Ratio required for more supportive & inclusive environment.

By keeping teachers free from other office tasks they will be able to teach students more efficiently.

Teacher's are overburdened with teaching and clerical work there is high need to recruit personnel in teaching and clerical staff.

By organising workshops for teachers as well as students.

Council students before adopting courses.

Frame course that bridges academic concepts with real life scenarios.

By regularly check in with students to gather feedback on their learning experiences and make adjustments to your teaching methods based on their inputs.

1. I think the teacher need to increase contact hours with the students, they need to be relieved from clerical jobs.

2. We should create a special post in the college, which assistant all the teachers to take up their task related to daya to day jobs like bill voucher, tour diary TA DA etc. Till the time we are unable to take the task from the teachers for which they are appointed for, the wholistic development and inclusive development is unstable.

3.Peupil: Teacher ratio is important, but at the same Time Course: Teacher ratio (Number of Course the teacher have to teach in an academic session/ Class/ per day is equally important)
